

Vice Chancellor, Kibabii University
Prof. Isaac Ipara Odeo

Academics blended with social interaction

As we celebrate the 3rd Graduation Ceremony, I wish to extend my warmest congratulations to the class of 2018.

This achievement has come out of the efforts of many. I wish to appreciate the contribution of parents, guardians, sponsors and above all the dedicated Faculty who trained and mentored you. Kibabii University in its pursuit for excellence endeavored to give you the best education under the most favorable conditions.

Your development was not confined to academics alone, we also made sure that you grew as socially engaged people interacting with peers with different ideas from different cultures and backgrounds. This has enriched and broadened your understanding of the world and has helped you define the place you want to take in society. So go out there and contribute to the augmentation of solutions to the problems that afflict society.

Finally, I am pleased to welcome all the graduands into illustrious list of alumni. As you excel in your pursuits out there, commit yourselves to share some of the successes with Kibabii University for the sake of posterity.
