1. 18/07/2021 is a day that shocked Kibabii University population. A gruesome scene was discovered in the male hall of residence. Two corpses were discovered in one of the rooms spread on a bed with different insects on them, in the cupboard 20 tins with some fluids that resembled human blood with a pungent smell, a box with 3 skulls, pieces of teeth and other bones could also be spotted. At the back of that room a gorier scene was awaiting as a shallow grave exposed three more bodies of female victims in different states of decomposition all with bags on their backs with what seemed liked writing materials. Police who responded to the scene managed to secure 2 guns that were found hidden in a compartment in the room. You are the lead investigator, suggest the forensic experts that you may request to help you build up a case clearly showing their role in exposing the crime.
